

## FAQs

Here are some common scenarios to best guide you on where to park when visiting the University of Miami – Gables campus. If you don't see a scenario similar to your needs, contact your campus event coordinator or venue for assistance.

I need parking and I am:

- Intercampus staff or faculty - Coordinate your parking with the department you are visiting or collaborating with, prior to your visit.
- Dropping-off pre-approved visiting students and need a place to stage your bus - You are welcome to use Lot 42 or Lot 43 (see map below), but first, make sure the university's department hosting the event is aware of your need.
- Alumni – Behind the Newman Alumni building there is some parking available. However, check with the venue directly for specific parking location.
- Visitor – Parking is enforced during normal business hours. If you are attending an event, check the venue for parking location and instructions. Here is some helpful visitor's information: [http://www.miami.edu/ref/index.php/parking\\_and\\_transportation/visitors/](http://www.miami.edu/ref/index.php/parking_and_transportation/visitors/)
- Vendor or Contractor – (under construction, check back soon)

I am not driving, where is the drop-off/pick-up location? During Commencement, the driver should proceed under the Metro-rail by entering at Ponce de Leon Blvd and Dickinson Dr. for drop-off and pick-up.

Automobile Assistance – The University is able to assist with minor vehicle problems. For assistance contact UM Police from any blue light phone on campus or call 305-284-6666; Monday through Friday between 8 AM and 10:30 PM.
